Hunger Fight News and Highlights

YOUR SUPPORT IS VITAL TO THE CHILDREN

For many children, school is more than a place to learn. It is also a place of security, friendship, and a place that provides them meals to eat that they may not receive at home. For the families whose children are on the Federal Free and Reduced Meal Plan, the meals they receive while in school help them provide much-needed nutrition to their children. During the weekends, many parents struggle to make ends meet and healthy food isn't always a priority or even a possibility. The onset of the pandemic and the subsequent cancellation or modification of in-school learning has significantly impacted the availability of food to the children, families, and seniors who need it most. This is where Hunger Fight steps in.

Through our Feed the Backpack initiative and our collaborative relationships with other programs and partners, we are working tirelessly to get food into the hands of those in need. Now, more than ever, we need your financial support and your volunteer hours to help us continue to help children and families through these difficult times. Won't you help Hunger Fight feed children this week? Click [HERE](#) to donate now to our Feed the Backpack program or call our office to volunteer today (904) 374-5623!

Dear Volunteers,

We very much appreciate your support during this challenging time. Your willingness to help out wherever there is a need is greatly appreciated. Thank YOU!

Hunger Fight Partners with Community Agencies to Distribute Food

Meal Distributions

The COVID-19 pandemic continues to impact our communities with no end in sight. The ability of children, families, and seniors who have been furloughed from or lost jobs to meet nutritional needs is as challenging and difficult as ever. Hunger Fight has joined with other feeding agencies in Clay, Duval, Volusia, and Flagler counties to distribute food to those who need help. Since the onset of the pandemic, Hunger Fight has participated in food drops or assisted with food distribution along with the Daytona Dream Center, Waste Not Want Not, Food Pantry of Green Cove Springs, Iglesia Misionera, and other organizations and churches to get food in the hands of those who need it. Hunger Fight Partners with Notre Dame Alumni

Notre Dame Alumni is hosting a virtual food drive benefitting Hunger Fight. The virtual food drive will help Hunger Fight continue the work it has been doing since the onset of the COVID-19 pandemic in meeting the increased demand for food in our communities. With thousands of children in the Jacksonville area relying on schools for meals, Hunger Fight is working to ensure that children have enough food during school closures and weekends to supply needed nutrition for their bellies and to provide books to feed their brains. We are very appreciative of Notre Dame's support. Want to support the Notre Dame Alumni virtual food drive? Text "NDHunger" to 41444 or [Click HERE](#)

How a Birthday Gift Turned Into a Gift To Others

Charlotte Corbitt is one of Hunger Fight's many young volunteers. She has been volunteering with her mom, Catherine, to help package meals for children and families at risk for hunger. With her 13th birthday coming up, Charlotte decided to do something different, something that could help those she volunteers to support. Instead of gifts, Charlotte asked her family and friends to help her raise money for Hunger Fight, and they responded enthusiastically! Charlotte recently dropped by the Hunger Fight office with her birthday "gift:" \$500!

"It touches my heart when I see young people, like Charlotte, volunteering to make the world a better place," said Sherri Porter, Hunger Fight's CEO. "Charlotte's unselfish gesture is a great testament to her and her family, as well as other teens who feel driven to help those less fortunate. We are humbled and truly grateful to have Charlotte and her parents as part of the Hunger Fight family." Want to learn how you can volunteer or donate to Hunger Fight? Visit our [website](#) today.
